About Us

At The Salty Babe Co, we're redefining beauty – proving that high-performance products don't need to come at the expense of our health or the planet.

We make it easier than ever to provide your customers with natural beauty solutions that are better for them, their health, and the planet!

By partnering with The Salty Babe Co, you're not just stocking premium beauty products – you're joining a clean beauty revolution. Formulated by a qualified cosmetic chemist with over 20 years of experience and manufactured in professional facilities in Australia, our products combine cutting-edge science with the purest botanicals and vitamin-rich extracts, to create natural and results-driven beauty solutions. Offering luxurious textures and high-performance, our products deliver the quality your customers expect without compromising on safety – by avoiding toxins, harsh chemicals, and unnecessary synthetics – because we believe beauty should nurture, not compromise. Because we care about more than just skin and hair, our reef-safe formulations ensure that every product is as kind to the ocean as it is to your customers – with our commitment extending beyond what's inside the bottle – our 100% curbside recyclable packaging ensures we uphold our ethics of sustainable practices, for a greener future.

Manufacture

Our products are manufactured on Australia's east coast, using high-quality Aussie ingredients and crafted in small batches to ensure freshness. This process guarantees that you receive only the highest quality products, with a shelf-life of 12-24 months. Once an order is placed, our suppliers typically take 14 days to manufacture and ship products to us for distribution, so please allow approximately 2-4 weeks for delivery to your business for any out of stock items. For in-stock items, we dispatch orders to our shipping provider within 3 business days, and offer a next-business-day delivery service for local stockists in the Yeppoon, Emu Park, and Rockhampton areas.

www.thesaltybabeco.com.au

Designed for every woman, including beauty enthusiasts, nature & ocean lovers, busy mum's, active women and those wanting to embrace a more conscious or sustainable lifestyle, our natural, reef-friendly formulas are 99.5% natural or higher, free from nasties.

Shipping Costs

Shipping costs depend on the size of order due to the varying weight / dimensions of our products – we provide a quote to you based on total parcel size/weight before proceeding, so there will be no surprise, extra costs.

We use AusPost as our preferred delivery service. Generally speaking, due to the smaller nature of our skincare items we can usually fit a sizeable order in their 5kg max weight, XL size boxes, which is posted Australia-wide for a flat rate of approx \$23. Your order may be split into multiple boxes for larger orders – we will always try to pack your order in the most cost-effective solution. We post in 100% home compostable packaging, including our tapes and shipping labels (although tape and labels take a little longer to break down at home).

Local Delivery

We deliver locally to Yeppoon, Emu Park & Rockhampton main areas FREE! If the items you order are in stock, we can usually organise next-business-day delivery. For larger orders or out of stock items, turnaround times stated above apply.

Payment Options

We offer a variety of convenient payment methods to make your wholesale purchasing experience as seamless as possible. You can choose from payment by credit card, PayPal, Afterpay or direct deposit. Our secure payment system ensures that your transaction is processed efficiently and safely, allowing you to select the option that best suits your business needs. If you have any questions regarding payment or require assistance, please don't hesitate to reach out.

VISA

afterpay  Available here

Thank you!

We look forward to helping you expand your business!
